The business premises intended for cosmetic services (Dravograd)

The business premises intended for cosmetic services are being sold at the Business Shopping Centre Traberg in Dravograd, Slovenia.

The premises were entirely renovated in 2015. The salon is fully equipped for halotherapy, infrared light therapy for weight loss, and oxygen therapy training. There is also equipment for a small shop. The premise offers groundworks for a well-established and popular business that can be taken-over in full.

There is also the possibility of upgrading the business with other cosmetic services such as massages, manicure, pedicure, eyelash extensions, et cetera.

The business premises include the following units - the reception, room with the oxygen therapy training device, a separate space for halotherapy, a room with the infrared light therapy for weight loss device, a bathroom, toilet and a small tea kitchen.

The purchase of business premises is possible with or without the equipment.
